WHAT HAS BECOME OF THOSE VOTERS

Over Four Thousand Names on Oklahoma City Books Could Not Be Found in Postal Directory.

Oklahoma City, Okla., Oct. 22.—In a batch of fourteen thousand letters and circulars mailed by the republican county and congressional committees to the voters of Oklahoma City as shown by the last city registration in July, four thousand of them have been returned to the committees marked, "no such person known," "no such street number," "moved."

The letters were mailed in accordance with the registration books of the city, although the city directory in the instance of the four thousand returned letters and circulars, does not contain the names and addresses on the envelopes. Neither are the postoffice authorities through the individual directory maintained by them able to locate the parties to whom the letters were addressed.

The letters and circulars when returned to the headquarters of the committees were immediately given to a clerk for the purpose of verifying the address contained on them, who after having checked more than two thousand of them found that the address on each was correct.

The envelopes returned were addressed to every portion of the city. Practically every block in the city is represented in the batch, even blocks said to be entirely vacant.

The committees attribute the return of the letters as showing that exactly four thousand illegal voters were registered in the last registration, and that these votes are the strength of the administration machine.

Frank Cook of the city central committee proposed to prepare lists of the voters whose names were contained on the return mail, and challenge each of the votes at the polling places on November 8. He stated that while voters on the list had moved, yet where men had registered from street numbers where no houses stood, or it appeared to be a clear case of fraud.

"We are going to make a thorough investigation of the matter," he declared, "and verify for ourselves the list before election day comes. In some cases the voters may have been transferred, and if so, we will discover that fact if possible by applying to the inspectors of the precincts from which they were first registered."

"In the list of returned envelopes are the names of some who are registered as republicans, but the greater bulk of them, according to the registration, are shown to be democrats."

Practically none of the names come from the districts in the city inhabited by negroes. They include numbers on North Broadway, Eighth, Ninth, Tenth Eleventh and other well-known streets in the northern portion of the city. "And this list does not concern the number of voters in the city who usually swear in their votes at the elections," concluded Mr. Cook.

CORN PRODUCED WONDERFUL YIELD

Affidavit of Well Known Farmers as to Yield of One Row of Corn Planted on June 28.

As evidence of the great fertility of the soil in the country southeast of here the following affidavit has been handed to the Chieftain by two well known farmers of this vicinity. Saline creek is in what is known as the Spavinaw country and it's usefulness for farming purposes has often been held up to ridicule.

Affidavit.
State of Oklahoma, County of Craig, ss.

We, the undersigned, V. A. Scott and John Ford, do hereby state that on the 19th day of October, 1910, did shuck one row of corn, forty rods long according to the U. S. government survey, on V. A. Scott's farm on Saline creek in Delaware county, and that the said corn weighed 308 lbs., this, allowing 85 lbs. per bu., will make an average of 63 bushels per acre. This corn was planted June 28th, containing six and three-fourths acres.

The quality of this corn can be seen at the First National bank of Vinita, Okla., the seed it was raised from is a mixed breed of corn, raised by Pat Ryan on the Pat Shannahan farm, west of Vinita.

V. A. SCOTT,
JOHN FORD.

Subscribed and sworn to before me this 21st day of October, 1910.

20 INDICTMENTS SERVED ON SILOAM BANK OFFICIALS

Rogers, Ark., Oct. 22.—Twenty grand jury indictments have been served upon the officers of the Bank of Siloam Springs, all of whom gave bond for their appearance at the next term of the Benton county circuit court. These indictments are based upon the fact that the officers of that bank received money after they were aware that the bank was in an insolvent condition. The institution closed its doors last August.

Eight of the indictments were against the cashier, Fred Davey; nine against the president, R. S. Morris, and three against the bookkeeper, W. H. Davey. Fred Davey's bond was \$6,000, Morris' \$6,750 and W. H. Davey's \$2,250. It is not known what the defunct bank will pay its creditors, but it is thought that it will not exceed 20 per cent.

CLAIMS WALKOUT WILL NOT INTERFERE WITH PUBLIC

By Associated Press.
St. Louis, Mo., Oct. 22.—The officials of the machinists union have had no word today from President James O'Connell, regarding the reopening of the conference for a settlement of the strike on the Missouri Pacific, proposed by Sedalia business men. The boilermakers, pipemen and blacksmiths say they will continue their walkout. The switchmen say that beginning Monday they will refuse to handle cars carrying strike breakers. General Manager Sullivan insists that the walkout will not be noticed by the traveling public.

CHECKS VALUED AT \$500 STOLEN

When Swift & Company's Salesman Reached This City He Found His Orders And Checks Gone.

E. M. Chapman, traveling salesman for Swift & Company, had the misfortune to lose a valuable traveling bag last evening, on the Katy train between this city and Parsons.

When Chapman entered the train at Parsons, he deposited his grip, containing the day's collections, amounting to about \$500 in checks and a number of orders, in the aisle just at the rear of his seat. When he reached this city and started to leave the train he found that his grip, containing the checks, orders, etc., had either been stolen or taken by mistake. The conductor was notified and a search of the train failed to reveal the missing grip.

Mr. Chapman was left without company stationery on which to write his orders and today was forced to telephone to the business men along the trip made yesterday to get their orders.

DR. CRIPPEN WILL HANG NOVEMBER 15

Jury Was Out Just Thirty Minutes in Finding Crippen Guilty of Wife's Murder.

By Associated Press.
London, England, Oct. 22.—Dr. Crippen, today, was found guilty of the murder of his wife, and sentenced to death. The jury was out just thirty minutes. This morning Richard Muir in making the closing speech for the prosecution declared the crown had proved beyond reasonable doubt that the body found in the cellar was that of Crippen's wife. None other than Crippen had a chance to murder the woman and bury the body, as it was found. Lord Chief Justice Alverstone said Crippen, if guilty, had covered the ghastly crime in a ghastly way and if he was innocent it was impossible to fathom his mind. He made no attempt to prove his innocence and undoubtedly was a liar and lived an immoral life. It was announced this evening that Crippen will be hanged November 15.

T. W. Purcell returned this morning from a visit with his brother at Plano, Tex. This was the first meeting of the brothers in thirty years.

Marriage licenses were issued today to John R. McClure, aged 27 and Miss Mary Irene Lechider, aged 17, both of Vinita, and to Henry A. Pierce, aged 22 and Miss Josephine Schneider, also of Vinita.

VINITA GETS OUT LUCKY WITH TIE

Local High School Staved Off Defeat By Remarkable Fight In Last Part of Game.

Turning an ignominious defeat into a tie, the Vinita high school football team covered itself with glory in the wonderful fight against tremendous odds, in the last half of the game with Broken Arrow high school yesterday afternoon. The visiting lads were much heavier than the locals and during the first quarter it looked like the Vinita boys would be swamped. However in the second quarter, by a neat forward pass the Vinita team crossed the enemy's goal and tied the score of five made by Broken Arrow in the first period.

The style of play of the Vinita team at the beginning of the game was satisfactory to the spectators. The players seemed listless and afraid of their heavier opponents. The visitors crossed the goal with comparative ease about seven minutes after play started and were dangerous contenders when time for the first period was called.

In the second period the Vinita team did a little better and after considerable playing with the ball first in the possession of one team and then the other, Vinita lined up on Broken Arrow's twenty yard line and in a neatly executed forward pass, Smith to Wright, made the score that saved them from defeat. This score gave them renewed hope and they went into the contest with doubled energy.

During the last half Vinita came back strong, the light, swift players swept their heavier but slower opponents off their feet. However, they were never able to get the ball across the goal again. Just when they seemed certain to score one of the disastrous fumbles that marred the game would occur. Several times these breaks spoiled Vinita's hopes of scoring.

A lack of understanding of the new rules resulted in many penalties being inflicted upon each team. This fact with the weight and inexperience of many of the Vinita team caused many to think that Vinita should consider herself fortunate to get out as well as she did.

Final score, Vinita 5; Broken Arrow 5.
